

## ABSTRACT

- 1           A wax decoration item is made by the method including the steps of mixing
- 2   preparing polyethylene wax, cyanide polymer and white wax to be a mixture by way of heating;
- 3   pouring the mixture in a mold and obtaining a wax item with fixed shape when removing the
- 4   mold; melting a colloid material to be a transparent liquid and coating the colloid material onto an
- 5   outer periphery surface of the wax item and the colloid material being not mixed with the wax
- 6   item; condensing the colloid material which is fixed on the wax item.
